

## The Dedicated Beatheads Remix Convention Vol.1

Definitely one of the hottest Remix/Mash Up 12" Singles this year! The Dedicated Beatheads (aka DJ Scientist and Snatchatec) supply you with 4 raw, rocking & shocking Hip-Hop tracks that will get the dancefloors smoking. Track 1 features an ill acapella by the legendary New School pioneer Jewel T laid over the infamous "Bombay Raw"-Beat by Marc Hype & Jim Dunloop (of Melting Pot Records Germany). Second, Amad Jones can't believe that "It's over now" on some flute driven rock breaks. On the B-Side, Emynd from Philadelphia gets busy with his edit of Young Gunz' "Friday Night" and lastly there is Roots Manuva and Chali 2Na joining the dots on the forth track. Additionally, there is 2 Instrumentals making this a MUST BUY for all DJs out there. Limited promotional release only!
